

## Dr. Emad Kandil Achieves Milestone of 100 Microwave Ablation Cases in Thyroid Care

January 21, 2025

NEW YORK, Jan. 21, 2025 /PRNewswire/ -- Baird Medical Investment Holdings Ltd. (NASDAQ: BDMD) ("Baird Medical" or the "Company"), a leader in minimally invasive Microwave Ablation (MWA) technology, proudly announces that Dr. Emad Kandil, Professor and Ellis Hanna Chair in Surgery at Tulane University School of Medicine, has reached a remarkable milestone of successfully completing 100 MWA procedures for thyroid nodules. This achievement underscores both the growing adoption of MWA and the transformative potential of the technology in treating thyroid conditions.

Dr. Kandil, a pioneering expert in thyroid surgery and minimally invasive techniques, has been instrumental in advancing MWA as a safe and effective alternative to traditional thyroid surgery. His completion of 100 cases highlights the precision, efficiency, and clinical value of MWA, offering patients faster recovery times, reduced procedural risks, and improved quality of life.

To honor this achievement, Baird Medical presented Dr. Kandil with a Certificate of Excellence, recognizing his leadership in advancing thyroid care and his dedication to adopting cutting-edge solutions for better patient outcomes.

As MWA technology continues to evolve, Baird Medical is committed to driving innovation and expanding access to advanced thyroid care. Through ongoing collaboration with leading physicians and investment in physician education, Baird aims to deliver even greater value to the medical community and the patients they serve.
